Notes

☐ Handling the remaining bone ash

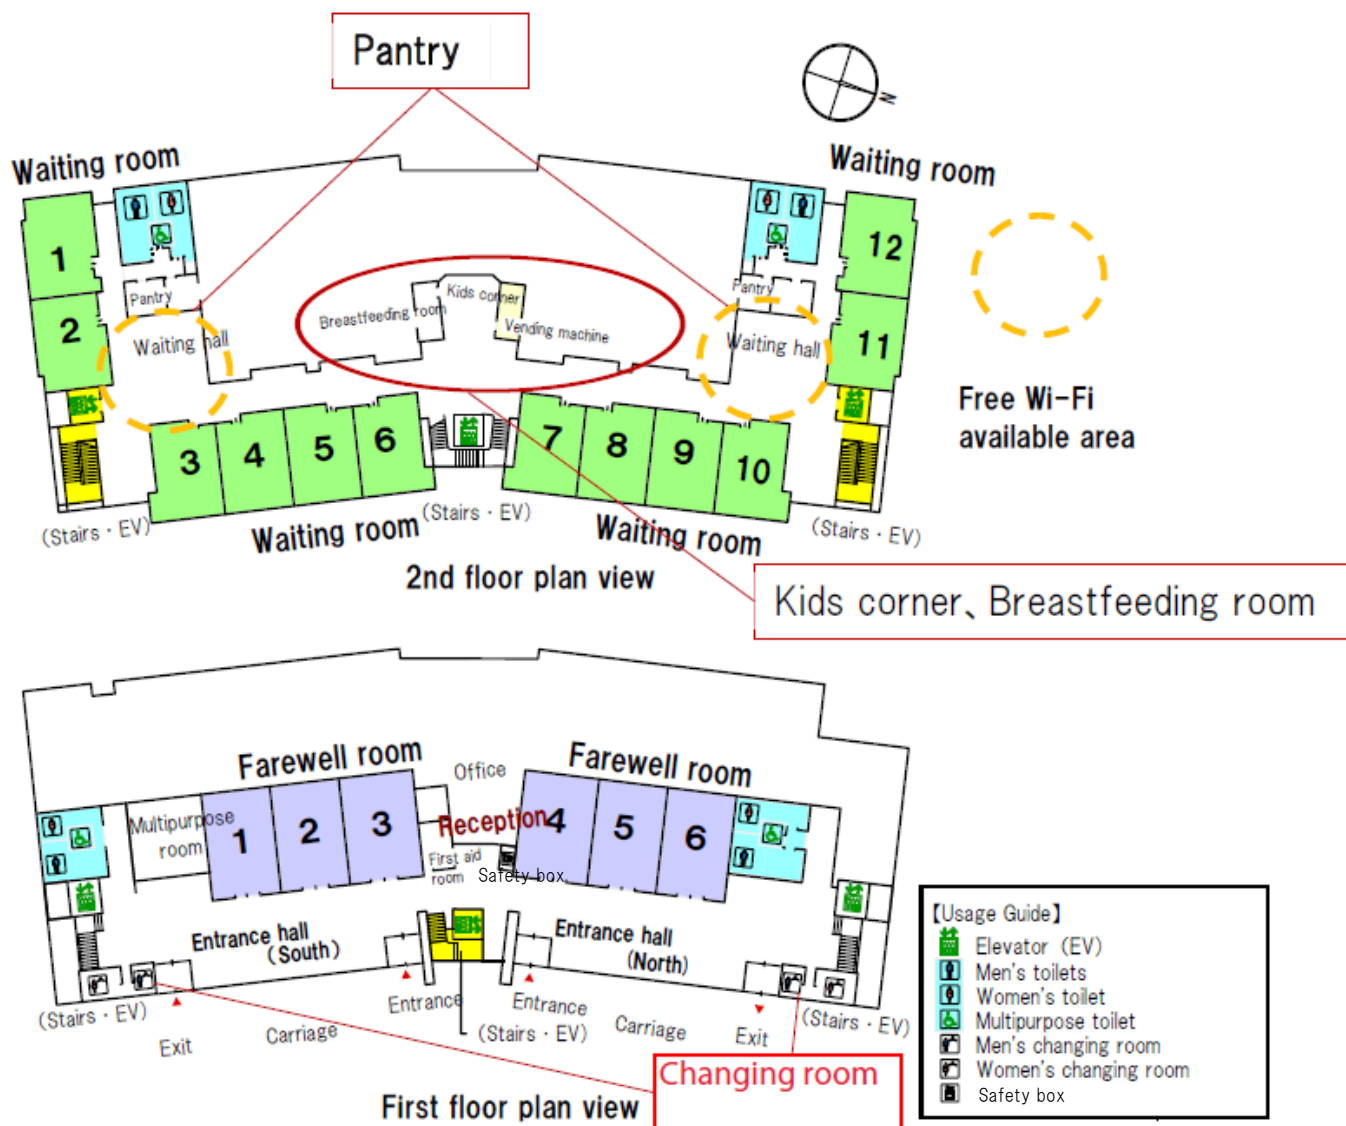

The remains included in the remaining bone ash after the collection are buried in the final stage memorial site in the light cemetery burial method. However, the remaining bone ash may contain valuable substance. Please be reminded that if any valuables are found from the ashes, it will be taken and sold as a city property to be used for maintenance. It is also possible to bring home all the ashes.

☐ Smoking

The Toyohashi city crematorium is a NO SMOKING area. Smoking is strictly prohibited (on site and at the parking lot). in addition, please do not smoke on the roadside or around the crematorium.

☐ Others

- Please be careful not to burn yourself, when picking the ashes because the hearth bed is hot.
- Tipping the staff is prohibited.
- Please take all the rubbish (garbage) with you.

Free Wi-Fi

The 2nd floor waiting hall of the crematorium in Toyohashi city can be connected to Wi-Fi for free.
